CERTIFICATE IV WORK HEALTH & SAFETY

This Qualification will provide Graduates with a solid understanding of key aspects of safety as relevant to Australian workplaces. This will include how to contribute to workplace health and safety hazard identification, ensure compliance with WHS laws, respond to incidents and contribute to implementing and maintaining WHS systems in the workplace.

Target Group

This qualification is suitable for those who wish to participate in WHS as a supervisor or provide support for WHS in an organisation. This program provides the skills and knowledge for a trained safety officer using the latest workplace health and safety legislation.

Entry Requirements

Reasonable language, literacy and numeracy skills.

Pre-requisites

None.

Methods of Delivery

In house customised programs
Blended external delivery with significant support

No of Participants

Up to 20 per class.

Duration

Facilitated workshops (10 days) over 12 months
Training duration will depend on the individual (their skills and knowledge and experience).

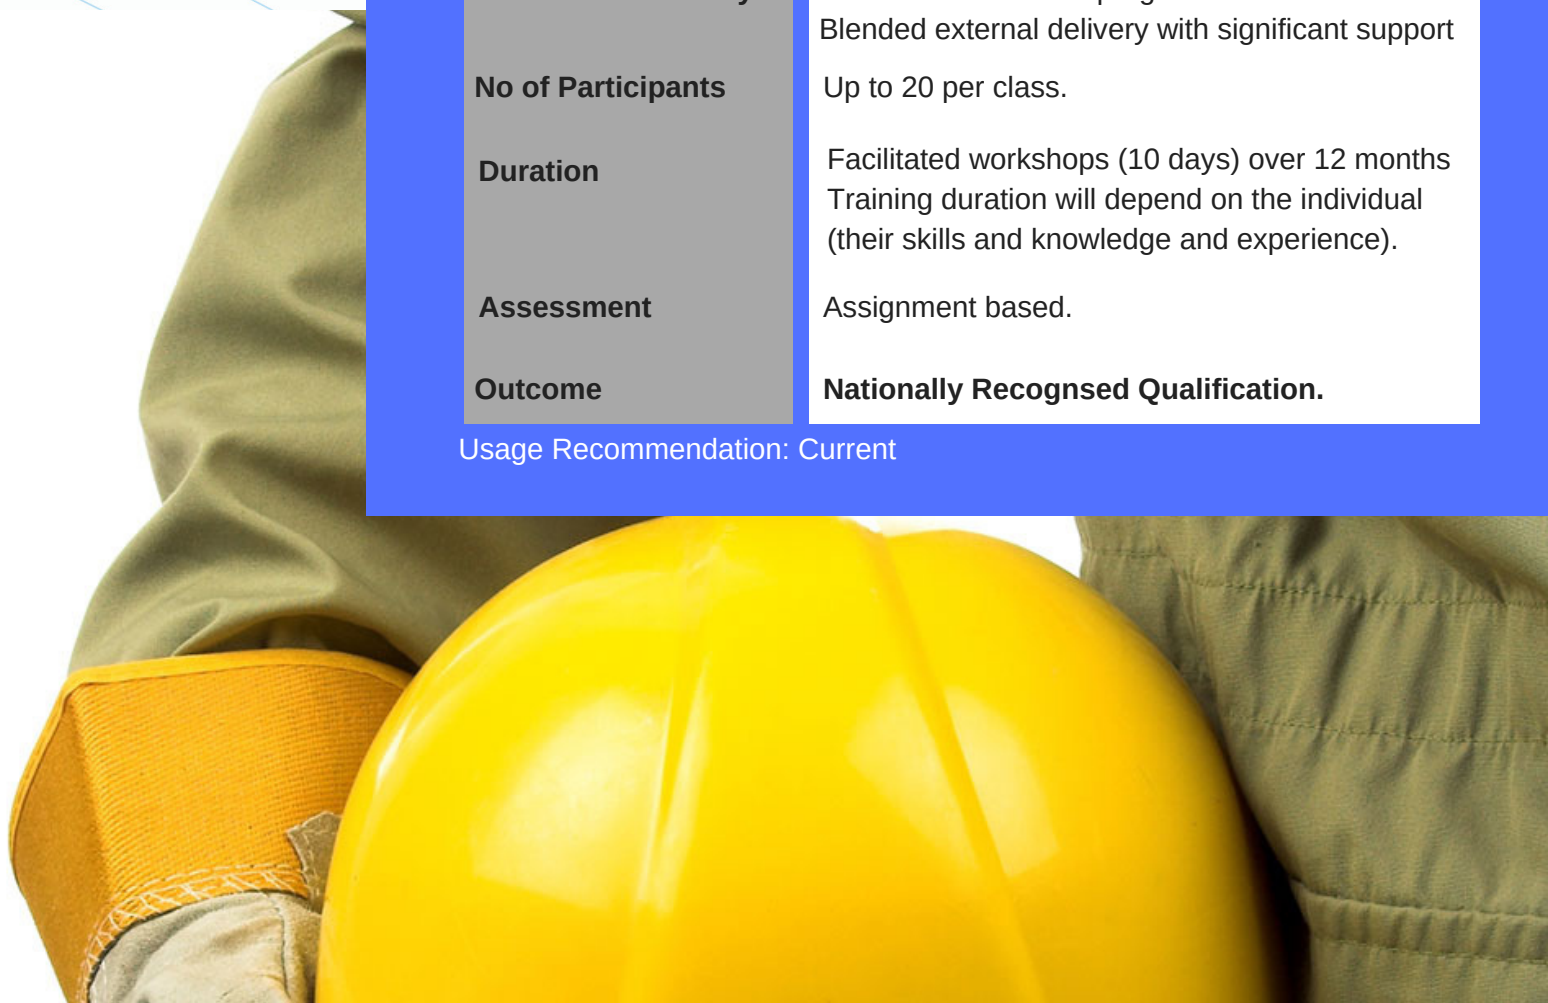

Assessment

Assignment based.

Outcome

Nationally Recognised Qualification.

Usage Recommendation: Current
