SECURE CARGO AND LOAD & UNLOAD GOODS & CARGO

TLID2004 Load and Unload Goods / Cargo

This unit involves the skills and knowledge required to shift loads using cranes in accordance with workplace and regulatory requirements, as part of work activities in the transport and logistics industry.

It includes planning work for the current working conditions, using controls and crane operating systems, locating and identifying load characteristics and safely moving loads. It also includes monitoring controls and stopping, shutting down and securing the crane after the completion of operations.

TLIA1001 Secure Cargo

This unit involves the skills and knowledge required to secure cargo in accordance with procedures and regulatory requirements as part of work activities within the transport and logistics industry.

It includes preparing to secure cargo/containers, lashing and unlash cargo, protecting cargo from weather, and packing and unpacking cargo.

Work is performed under some supervision generally within a team environment.

Target Group

Appropriate for those working in operational roles where they are required to secure cargo and load and unload goods and cargo
