PROGRAM STRUCTURE & CONTENT

The **TAE40116 Certificate IV in Training and Assessment** is the industry standard qualification for those who deliver and assess training.

This qualification will provide participants with the skills, knowledge, and confidence to deliver interesting and informative training sessions to groups and individuals, navigate the Australian training system and undertake competency-based assessments against any benchmark or standard.

The TAE40116 Certificate IV in Training and Assessment reflects the role of individuals who are engaged in delivering training and assessment services in the Vocational Education and Training (VET) sector. This qualification (or the skill sets derived from units of competency within it) is also suitable for those engaged in the delivery of training and assessment of competence in a workplace context.

New standards were released in July 2017 which stated that all trainers and assessors who currently hold TAE40110 qualification are required to complete two new units, plus two updated units in order to gain the current qualification TAE40116 Certificate IV in Training and Assessment.

New Units:

- TAE LLN411 Address Adult Language Literacy and Numeracy Skills
- TAE ASS502 Design and Develop Assessment Tools

Updated Units

- TAE ASS401 Plan Assessment Activities and Processes
- TAE ASS403 Participate in Assessment Validation

DELIVERY METHODS

Pivot is dedicated to delivering this qualification to participants with the flexibility to choose delivery methods to meet their individual needs. We aim to tailor each learning experience to deliver training that best suits you!

FACILITATED VIRTUAL DELIVERY

Here at The Pivot Institute, we are leaders in the field with our own Pivot Online Learning System (POLS). Virtual face-to-face participants will be set up on our leading online learning platform; the Pivot Online Learning System (POLS). This platform provides students with the content, resources, and assessments necessary to complete the course. Participants will attend virtual classrooms with industry-leading facilitators. Participants can start the course anytime and will be required to book in and attend sessions via Zoom. Printed workbooks, learners' guides, assessment materials, and all resources are provided and posted to students.

SUPPORTED DISTANCE DELIVERY

Participants will be provided with a hard copy pack including workbooks, learner's guide, assessments, a personalised training roadmap, and all relevant supporting material. In addition, access will be provided to the Pivot Online Learning System (POLS). This platform holds all the learning material, assessments, and resources, needed to complete the qualification.

RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning (RPL) is an assessment process that assesses your non-formal and formal learning to determine how your current skills and knowledge match the competency outcomes for the partial or full qualification. RPL must be based on evidence that can be matched against relevant units. This evidence will depend upon the unit and some evidence will go across a number of units. Your assessor must be satisfied that you have addressed all the requirements of the relevant unit before they can grant you RPL in that unit. RPL assessment at The Pivot Institute allows you to evidence your skills and knowledge through the completion of an RPL kit.

ASSESSMENT METHODS

The Pivot Institute's assessments are aimed at adding value to the individual and their organisation. Assessments with The Pivot Institute are true to the units of competency but are tailored to the needs of the individual and the organisation. This means that where possible we ensure that the assessment fits into what you are doing in your workplace as part of your daily workplace activities. The result is assessment that is meaningful and valuable whilst ensuring you have the knowledge and skills as outlined in the unit of competency. Your assessments will consist of a number of tasks which will include a combination of written questions, observations, workplace projects, case studies, practical tasks, portfolio, and third-party reports.

HOW LONG WILL THE QUALIFICATION TAKE

The average time it takes to complete varies significantly depending on the skills and knowledge you already hold relevant to training and assessment. If, for example, you are attending the facilitated classes and you have completed the relevant activities, you still need to allow the following suggested time to complete the qualification.
